```c
#include <stdio.h>

int main()
{
    int year = 2022;
    if(year%4==0 && year%100!=0){
        printf("是闰年");
    }else{
        printf("不是闰年");
    }

    return 0;
}
```
